Start by Registering

Stay Informed

1. **Know who your current elected leaders are** including State and Federal legislators, city council member, and school board representative.
2. **Understand the issues that are important to you.** Find objective sources with expert viewpoints.
3. **Learn about candidates before going to the polls.**

Person Over Party

Political parties represent broad ideologies. Choosing one doesn't change your identity. Vote for candidates that share your values, that you trust, and that have the best interests of the community in mind.

Vote Regularly

Make a plan to vote in each election and encourage your friends to join you.
